Re: Block v. RBS Citizens, N.A., Inc., 1:15-CV-01524 (JHR)(JS)

Dear Judge Schneider:

We represent the Parties in the above-captioned matter. During the May 5, 2016, conference, the Parties advised the Court that they had entered into a framework for a class settlement. Subsequently, the Court set July 29, 2016, as the date by which the Parties would submit a motion for preliminary approval of the settlement (the "Motion"). Since that time, the Parties have been working together to finalize the documentation and identify the members of the settlement class who will receive notice. Despite the Parties' best efforts, we will not be in a position to file the Motion by July 29. Since our last conference, Defendant, in consultation with Plaintiff, determined to engage a third-party vendor to conduct a manual review of loans to identify whether the account holders are members of the settlement class that will be proposed. Depending on the results of the review, Defendant will also provide data to its expert to determine whether any of the account holders are members of the settlement class. Therefore, the Parties request an extension to file the Motion on or before September 9, 2016. P

We appreciate the Court's consideration of this request.

Respectfully submitted,
